

## I Am

I am a fish. I swim in a brook. I need to be careful when I see a hook.

I am a frog on a lily pad. When you hear my song, you will know I am glad.

I am an owl. I say “who.” That is my greeting when I see you.

I am a chicken and eggs I will lay. So you can have breakfast to start off your day.

I am a cat. I wash and purr. I have different colored long or short fur.

I am a dog and will beg for a bone. I don't want to be left alone!

I am a train. My whistle you'll hear when a railroad crossing is getting near.

I am a school bus yellow and black. I'll take you to school and then bring you back.

I am the sun. I make the day bright. I must go to bed whenever it's night.

I am a star. There are lots of me. Look up above you and there I'll be.

I am the moon at night in the sky. When day arrives, I must say goodbye.
